

Velt Nutrient Comments Demo

This is a demo document used for end to end testing of comments.

Features: real time collaboration, persistent threads, and mentions.

How to Use: select any text in this demo and click Add Comment.

Collaboration keeps every demo comment anchored to its exact text.

Multiple reviewers can comment on the same demo at the same time.

Page Two

This second page also belongs to the demo for page navigation tests. Scrolling and zooming should keep highlights locked to the demo text.
